QUIETFORM™
BY ACOUFELT

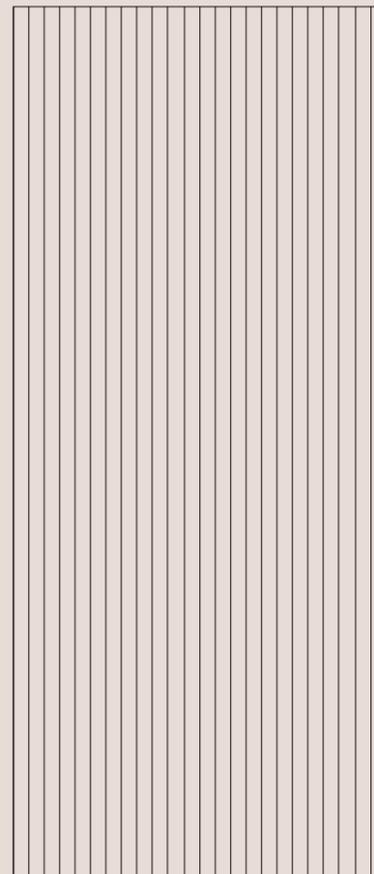

QuietForm™ panels represent Acoufelt's first foray into debossed acoustic products, presenting an avant-garde fusion of form and function.

These panels, when installed side-by-side, yield a three-dimensional wall finish that pushes the boundaries of traditional acoustic solutions.

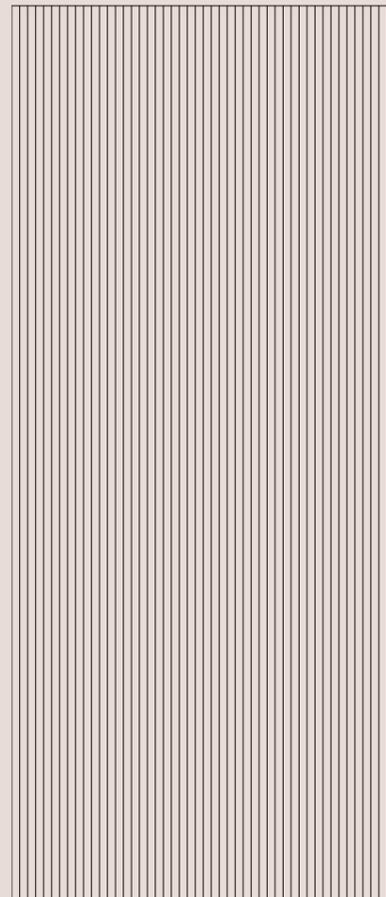

CELESTIAL

Our 'Celestial' design offers an undulating, corrugated surface that is soft and approachable.

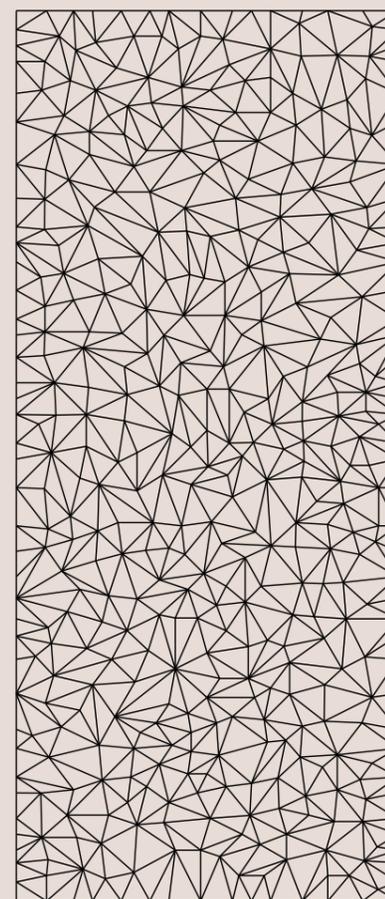

FLUTE

Parallel lines with a subtle rounded finish make up 'Flute', offering a repeatable, minimalist pattern.

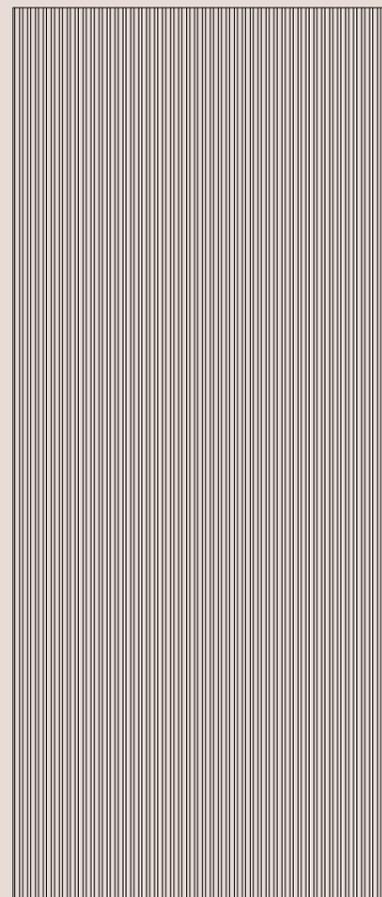

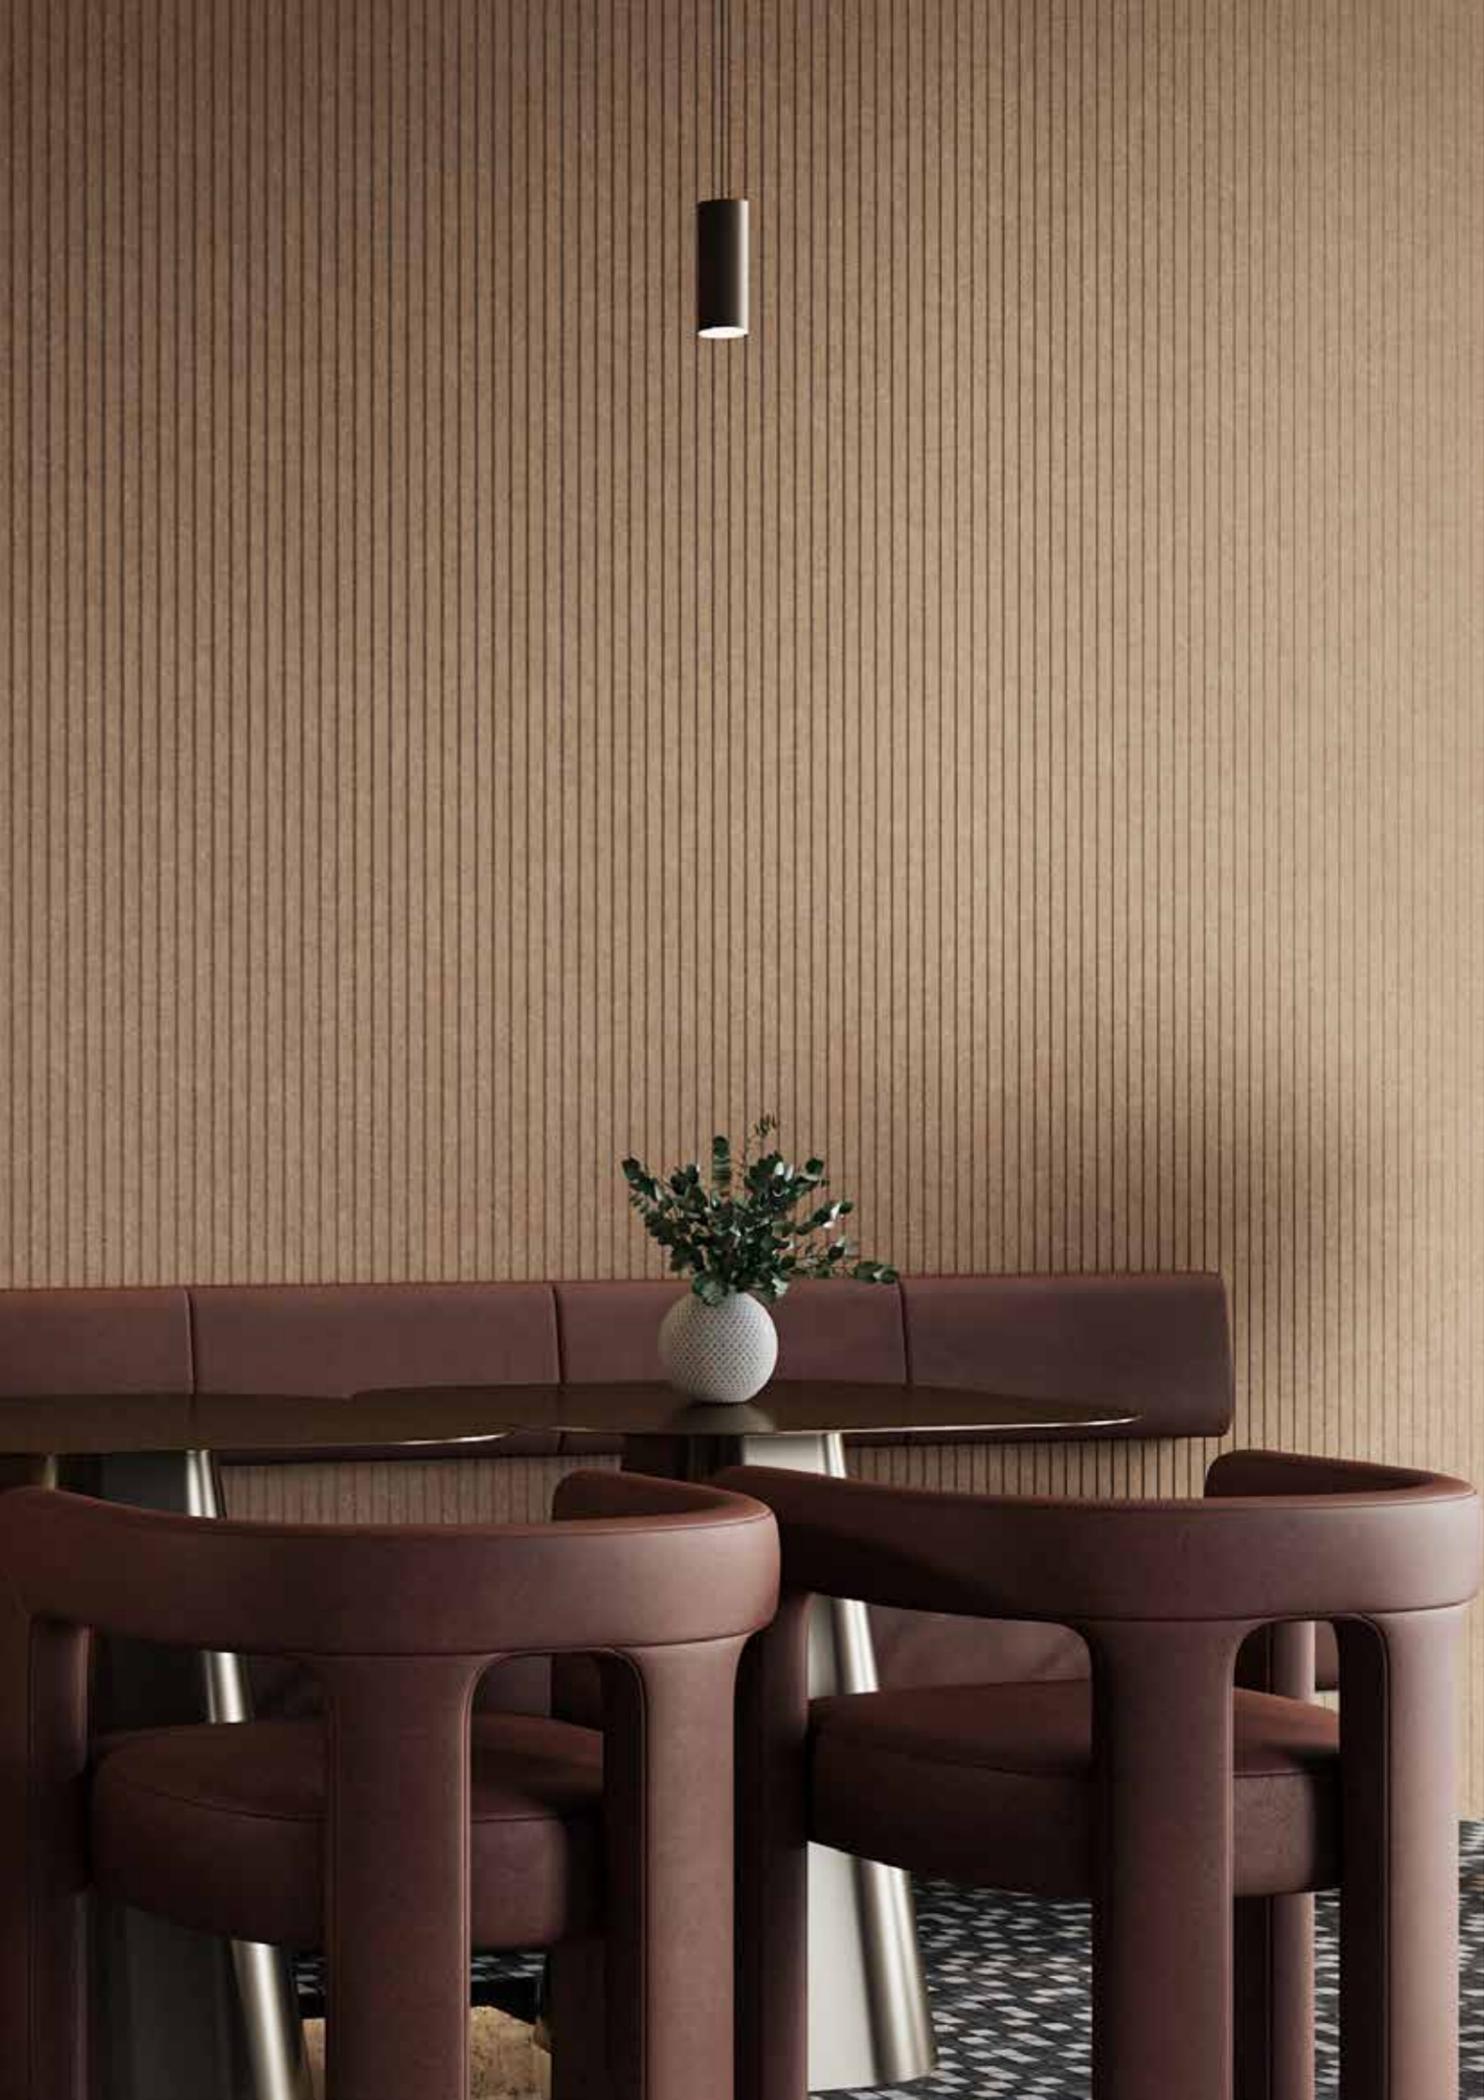

KALOS

The triangular geometries of 'Kalos' create a captivating and future-forward design.

POLE

The vertical linework of 'Pole' works to elevate and elongate, adding height and dimension to any space.
